

HEADLINER AUTOBAHN

AUTOMOTIVE

High quality automotive HEADLINER, backed with a 24 density flame retardant scrim foam which has a two-way stretch providing excellent shape for headlining designs. Our automotive HEADLINER is available in two finishes, Microsuede and a Flat-Knit weave.

Microsuede HEADLINING is designed with unmovable hairs that don't change direction when come into contact.

Flat-Knit HEADLINING is a circular weave knitted fabric made of 150 denier polyester yarn, designed for modern interiors.

Our HEADLINER can also be used for pillars, door trims and sun visors.
